## Message from Inspector Colbert

Welcome to your August Newsletter. Traditionally during the summer period we anticipate a rise in incidence of anti-social behaviour generally and I am ensuring that our beat managers and PCSO's are targeting our priority areas in relation to this accordingly. Please continue to feedback any concerns regarding this or any other issues at our regular street surgeries. As you may be aware our engagement officer PC Jim Squires and myself recently took part in an online street surgery from which we got a good response. This is part of our continuing efforts to engage fully with the communities we serve.

## Message from your Engagement Officer

We continue to try and improve ways we engage with you all, so we have decided to hold a public meeting every three months. These meetings will give you the opportunity to be updated on what we are doing on the seven policing areas within the district, hear what issues have been raised at our most recent street surgeries, followed by your opportunity to raise any issues or concerns with the local policing Inspector and his team.

The meetings will move around the district so the community have an opportunity to attend and not have to travel great distances each time.

The first meeting is being held on **Thursday 28<sup>th</sup> September 7pm-9pm at Breckland Hall, Breckland Road, Costessey, NR5 0RW**

My details are **e-mail:** [squiresjr@norfolk.pnn.police.uk](mailto:squiresjr@norfolk.pnn.police.uk) or **call** 01953 423773

## What is happening in your area

### Message from your Beat Manager Pc Reeve

This month saw a change to our community priorities from the most recent street surgery. We will continue to look at speeding complaints in the area with the help from our colleagues in the Special Constabulary and also any reports of anti-social behaviour around Loddon town. A number of people asked for the policing to be more visible in the area. PCSO ALBINAGORTA has conducted foot patrols in and around Loddon and this has already drawn some positive feedback from the community.

We hope to continue and extend this where possible. I am currently in the process of creating a 'Visibility and Patrol Plan' for the area. I will be using intelligence and information from the community to create this plan to make sure any down time we may have is utilised effectively. If there is an area where you think we should be patrolling then please let me know and I will look to include it in the plan.
